Dararith Ly - Lead Vocals

I love this music because it stands the test of time and holds up decades and even generations later. The only thing better than listening to these songs is getting to play them with Jim, Kevin, Clark & Mike - all consummate players in their own right.

Kevin Carey - Lead Guitar

After getting a call out of the blue from Jim and jamming with the guys for the first time - we realized we had a rare chemistry. We all try to respect the feel of the music as opposed to just playing notes. It's like cranking the 8-track player in your crazy Uncle's '67 Camaro - but without those dreaded clicks in the middle of the song.

Clark Hummel - Bass Guitar/ Backing vocals

Talking about music is like dancing about architecture.

Mike Rosato - Drums

I always wanted to play classic rock songs I grew up on that other bands may not play. I now get a chance to do that with awesome musicians and couldn't be happier.

Jim Morelli - Keyboards/ Guitar/ Backing vocals

I spent my childhood listening to AM and FM radio and learned to play guitar to my favorite songs on the record player in the basement. Keys add a whole new element. It's great privilege to play all these awesome songs with such fine folks and musicians.
